A man with a beard and short hair, wearing a black t-shirt and a high-visibility orange safety vest with reflective yellow stripes, stands at a construction site. He is holding a black hard hat above his head with both hands. In the background, there is a blue excavator with the name 'BOYLE' on its arm, and a blue building. The scene is lit with warm, golden light, suggesting sunset or sunrise.

A person wearing a black t-shirt, dark shorts, and a black cap with a headlamp is bent over, using a jackhammer on a stone patio. A large cloud of dust or debris is being kicked up by the tool. The patio is made of irregular stone tiles, and some loose stones are scattered around the work area. In the background, there is a wooden fence and a house with a white door and a window. The scene is illuminated by a bright light source, possibly the headlamp or a nearby light, creating a strong contrast and highlighting the dust.
