

Message from our Chair

Thank you for your support of the annual Trees For Life golf tournament.

Whether you are playing a round, putting together a foursome, or sponsoring our event, your support is extremely important, without it, we cannot succeed.

A recent Veritas Foundation Charity Ratings Review has revealed that for every dollar donated to Trees For Life, there is \$4.30 in value created. That is almost twice the average for a registered Canadian charity.

Planting trees (the most sophisticated air cooling and cleaning machines in the world), in urban environments is important as the benefits trees offer can impact more people. And planting trees to honour heroes, however you define them is a fabulous way to help green local communities.

In Ontario alone, we have over 800,000 health workers who deserve to be acknowledged and thanked with a living tribute to their work.

A tax-deductible \$150 donation buys a tree, we send a certificate of thanks to the person you wish to honour, and Trees For Life generates over \$600 in "tree planting" value. Can you think of a better proposition? I can't.

And for that reason alone, I am delighted you are considering participating in the tournament. You are not just golfing or sponsoring a golf tournament on August 24. You are making the world that we live, work, and play in a better place.

Thank you for your continued support.

Sincerely,

Mark Cullen
