

SHOW GUIDE

JANUARY 7-9, 2025

—→ Visit us at Congress as we reveal some exciting new products coming your way in 2025. Including three new products made with our enhanced technology, EliteFinish™.

VISIT US AT CONGRESS
BOOTH #1414

OAKSPAVERS.COM | 1.800.709.OAKS (6257)

LOCATION

TORONTO CONGRESS CENTRE

650 Dixon Road
 Toronto, ON
 Canada M9W 1J1

Easy access to Pearson International Airport, major highways and amenities, including hotels, restaurants and shopping.

FREE PARKING

Conveniently located directly east and west of the exhibit halls.

FOOD AND RESTAURANTS

Courtyard Café and Sketch offer a selection of meals prepared on the premises for your dining enjoyment.

FIRST AID - HALL D

First Aid responders, certified on an annual basis, ensure prompt emergency response.

SECURITY - HALL D

Specialized security guards, trained in dealing with the public, handle emergency procedures, losses, crowd control and crisis management.

SHOW OFFICE - HALL D

Event staff are available during show hours at the Show Office.

COAT CHECK

Coat check is available once you have entered the trade show hall with your badge. A fee of \$4.75 per coat applies.

SHOW PRODUCERS

Congress is produced by Landscape Ontario Horticultural Trades Association. Comprised of over 3,000 members, 10 sector groups and 10 local chapters, its mission is to promote the landscape and horticulture profession in Ontario, including the many joys and benefits of green spaces.

Landscape Ontario

BOOTH #2566

NEW

AVA: New Creative *Permeable* Paver

The Ava paver combines modern aesthetics with sustainable innovation thanks to its permeability, facilitating stormwater management. Available in two thicknesses, 60mm and 90mm, it features an original and avant-garde shape that stands out in any environment. Its variety of colors allows for unique pattern creations, adapting to all spaces. With the Ava paver, personalize your outdoor areas while respecting the environment.

FLOOR PLAN

SHOW NAVIGATION MADE SIMPLE

Let your smartphone
do the work!

The interactive floor plan has a number of tools to help you make the most of your time at Congress.

Search for exhibitors by their company name, product, category or booth number. Mark the ones you want to visit, then see where their booth is located and even get walking directions.

Explore exhibitor profiles that may include links to business locations, websites, social media and even product videos.

Search for show features such as the LIVE Stage, Electric Demo and more!

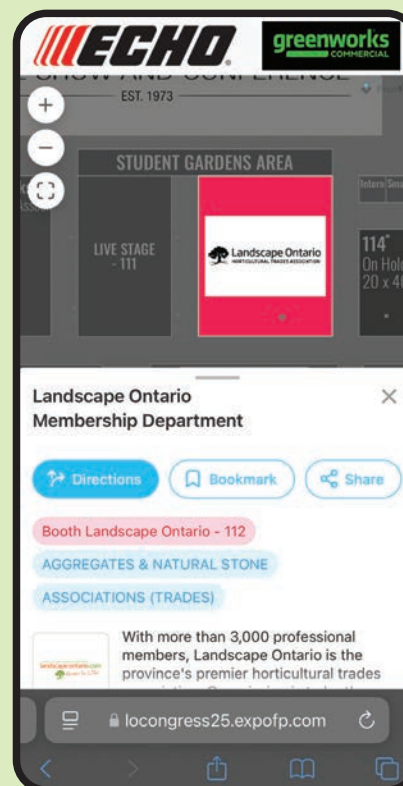

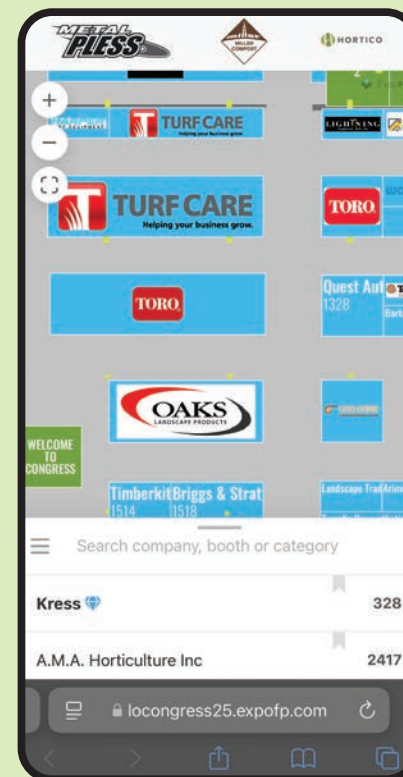

SCAN THE QR CODE OR VISIT LOCONGRESS.COM AND CLICK ON FLOOR PLAN.

CASTLOADERS

MINI ARTICULATED LOADERS

The ultimate tools for landscapers, the CastLoaders line represents the best that the market can offer in terms of practicality, strength and reliability. Our machines are compact and lightweight, easily transportable and thanks to their turning radius and light weight, they can easily work on soft or rugged surfaces without causing any damages.

Kress Commercial power:
Faster charging, longer lasting &
built for commercial landscapers.

For today's landscape professional, balancing power, efficiency, and run time is essential. That's why more are turning to Kress' advanced battery-powered equipment, designed for commercial use with unmatched speed, power, and durability—without the hassle of fuel.

Experience the difference

Kress CyberPack batteries deliver reliable power and charge in just 8 minutes¹. With the Kress CyberTank's on-the-go charging, your team can access up to 30 recharges daily² — keeping your teams productive all day.

1. A sustainable solution for today's landscapes

Kress' zero emission equipment provides a cleaner alternative to gas-powered tools, helping communities meet sustainability goals and enhance green space health.

2. Reliable, all-day performance

Kress power equipment features adjustable power settings to match any job, maximizing energy efficiency. Built for serious run-times, Kress tools keep your crews productive all day.

3. A cost-saving switch for your bottom line

Kress' advanced battery-powered tools deliver major fuel savings and minimal maintenance, backed by a six-year, 3,000-cycle warranty³ — powerful, sustainable, and cost-effective.

4. Smart, connected technology for real-time control

Kress' CyberSystem brings digital ease to landscaping. Track and manage all your equipment through the app, giving operations managers real-time control and efficiency insights.

¹ Charging time of Kress Commercial CyberPack batteries when charged with the CyberTank charger on Flash Charge. Cooling just-discharged batteries before recharge is not required. Charging on Flash Charge is designed for one battery at a time to ensure maximum charging speed.

² Kress Commercial 7.2 kWh CyberTank can charge up to 30 240 Wh CyberPack batteries on a single charge.

³ The Kress 3,000-cycle warranty is applicable when the battery's residual capacity falls below 70% of its nominal capacity.

Why choose Kress?

INTRODUCING

Nutrite's 21-0-5 60% HiViz & Micro Algae

60% of the nitrogen is derived from Nutryon HiViz polymer coated urea | Delivers the optimal amount of microalgae to benefit the soil microbiome

Nutryon HiViz
Nutryon HiViz controlled release nitrogen provides a long lasting, precise feeding for up to 7 weeks for stronger and healthier turf.

Micro Algae
The optimal amount of microalgae biostimulant provides a complete food source (balanced proportion of carbohydrates, amino acids and lipids) for the soil microbes.

Microbial Activity
Boosted microbial activity improves the production of organic acids and enzymes by those microbes, which helps to mineralize nutrients in the soil and connect signal exchange between roots and soil particles.

Contact us to discuss how 21-0-5 can benefit your Turf Programs!

HEATING OIL

CALL: 1-800-267-3501

Offer available at participating Ultramar locations in Ontario: Belleville, Thunder Bay, Sudbury, North Bay, Minden, Bancroft, Richmond Hill, Renfrew, Harrison, London, Schreiber, Ottawa. Sign up for a commercial account between March 1-31, 2024 for an annual minimum purchase of 25,000 litres of your choice of diesel or heating oil and receive 500 free litres upon credit approval and the remaining 500 litres free upon completing the purchase of the 25,000 litres. *Offer valid only to new commercial customers who have been approved by our credit department. The Promotional Litres will appear as a credit to customer account and credit issued to the customer will be at the current market price of type of fuel that is purchased by the customer on their account. This offer cannot be combined with any other offer or promotion and has no cash value. The customer must meet the annual volume commitment of 25,000 litres prior to the one (1) year anniversary of initiating their account. Account must be in good standing. Parkland Corporation reserves the right to apply the current market value of the Promotional Litres to the customer's account or credit card on file should the customer not meet the annual volume required to be eligible for this promotion. Parkland Corporation reserves the right to cancel the Offer at any time without prior notice and without compensation.™ Ultramar is a registered trademark of Valero Energy Inc. used under license by Parkland Corporation

NEW SHOW FEATURES

Electric Demonstration Area

Appearing for the first time in 2025, the electric demo area is a vibrant showcase of cutting-edge technology revolutionizing the landscaping industry. Knowledgeable staff will give live demonstrations to highlight how the zero-emission electric tools might enhance business operations.

Pub Stop

With a larger show floor to walk, attendees can visit the Pub Stop to quench their thirst. This Stop will serve a selection of craft beers and artisanal snacks, creating a relaxed atmosphere where industry professionals can discuss ideas, share experiences and forge new connections.

Expanded Exhibit Floor

The largest and longest-running landscape-focused event in Canada has grown even larger to nearly 10 acres. This growth reflects the event's commitment to providing a platform for industry professionals to connect, learn and discover the latest trends, equipment, products and services.

Professional Headshot Booth

Attendees and exhibitors can take advantage of the new exclusive headshot photography service to elevate their professional presence. Skilled photographers will be on hand to capture headshots with proper lighting, posing and editing.

OPTIMUS™

16.2 kWh EnergyCube™

A DAY IN THE LIFE: **OPTIMUS™** CREW WITH ENERGYCUBE™

6:00 A.M. 

1) FULLY CHARGED, UNPLUG & GO

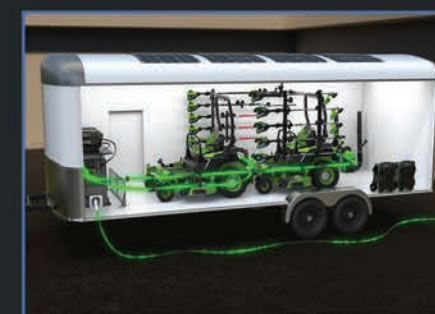

Your 4-person crew arrives to an EnergyCube inside their trailer, along with the two Optimus mowers and 12 handheld batteries, all fully charged. They unplug one charging cable and are ready to start the day with their Optimus equipment by 6:15 AM.

12:30 P.M.

2) RECHARGE ON THE GO

During their lunch break and between jobs, all connected equipment is fully charged and the Optimus Z's are charged to achieve an additional 2 hours of runtime, ensuring they're ready for the afternoon tasks.

6:00 P.M.

3) PLUG IN & CHARGE UP

Before heading back to the shop, your crew plugs in the battery filled Caddies and their Optimus Z's to the EnergyCube. They connect the EnergyCube with a single charge cable, ensuring that all equipment is fully charged and ready for the next day.
